

Arc Angle Swing Turnstile

ZZOJE-B607® Arc Angle Swing Turnstile is suitable for use where both pedestrian and bicycle access are required. The design of the ZOJE-B607 swing gate turnstile makes it easy customized. ZOJE is professional at customized turnstiles as we also care what our customers care. We pay attention to every detail for the best quality. We always make sure each turnstile gate has a beautiful finish before they are ready..

Arc Angle Swing Turnstile

Arc Angle Swing Turnstile are very popular as they are relatively attractive in terms of price. You will find that they are widely applied to factories, communities, supermarkets and so on.

The cabinet of ZOJE-B607® arc angle swing gate turnstile is made of 304 stainless steel, enabling a long lifespan. 316 stainless steel can be selected as optional choice if you want to build a much stronger housing. The passage way can be configured as single or bidirectional accordingly.

Passage width can also be customized when wider lane for people with wheelchairs are needed.

We can make swing doors of hollowed stainless steel, acrylic or tempered glasses.

ZOJE-B607® arc angle swing gate turnstile is perfectly compatible with several different kinds of access control systems and modules, such as IC card, ID card, RFID card, fingerprint recognition, face recognition, QR code, etc.

Product Parameter (Specification)

	Standard	Optional
Turnstile Type	Arc angle swing gate turnstile	–
Dimension	1200*280*1000mm (L*W*H)	Customized
Material	304 Stainless Steel	316 Stainless Steel
Channel Width	600mm	900mm /Customized
Door Material	Hollowed stainless steel	Tempered glass
Drive Type	Brush motor	Brushless/Servo motor
Unlock time	0.2S	–

Direction	Single / Bidirectional	-
Power Supply	AC110-230, 50/60Hz	-
Operation Voltage	DC24V, 3A	-
Function	Fail safe, anti-clamping, anti-pinch	-
Working environment	Indoor & outdoor	-
Working Temperature	-70 C -15 C	-
Relative Humidity	Less Than 95%, No Condensation	-
Pass Speed	35 person/Minute	-
Input Interface	Dry contact/Relay Signal	-
Communication Interface	RS485/TCPIP	-
LED Indicator	Yes	-
Emergency	Open Automatic	-
Waterproof	IP67	-
Access Control	Can be integrated with any kind of access control system.	-

Product Feature And Application

ZOJE-B607 arc angle swing gate turnstile

- Unique technology: Self-developed mechanical structure together with powerful motor enables the turnstile running smoothly and stably in the long run.
- The width of the channel can be customized according to project requirements
- It can satisfy both pedestrian passage and bicycle passage
- The Equipment Has A Device And Circuit Testing Function, Easy Maintenance
- Equipment With Traffic Indicator
- Equipment With Automatic Protection, Automatic Reset
- Unified standard external electrical interface, which can be connected with various reading and writing devices(ID Card / IC Card /EMcard / Fingerprint Face Recognition / QR Code / ESD system)
- ZOJE-B607 arc angle swing gate turnstile widely used in entry of the apartment, entry of the industrial park and other places, can be easily integrated with your existing control software.
